DAR ART BARS

- 🌀 Artisan premium chocolate wrapped in a curated, rotating collection of artworks. Connecting artists and art lovers.
- 🌀 A QR code inside leads to the artist's page on the DAR website, with the option to buy a museum grade print of their artwork. All proceeds go to the artists.
- 🌀 A small percentage of bars come with a Golden Ticket, which grants a free print.

Joel and Gila Dar first encountered cacao in Costa Rica, where they lived and learned the art and science of chocolate making from tree to bar. In 2016, they moved to Denver and started their bean-to-bar chocolate company, crafting chocolate in small batches from few, clean and organic ingredients and ethically sourced cacao. In 2019 they joined forces with master chocolatier Sima Amsalem, the Chocolate Whisperer, reaching a new level in their creations.

DAR Art Bars were created to enrich and uplift the human spirit through art and chocolate.
